23. I am/we are resident for tax purposes in _____
 (insert jurisdiction(s) of tax residence).

24. I am/we are responsible for making any filings with the applicable authorities in such jurisdiction(s) as may be required in connection with my/our acquisition, holding or disposal of Shares and I/we will indemnify the Company (on its own behalf and on behalf of the Directors and the Administrator) against any loss of any nature whatsoever arising from my/our failure to do so.

25. I/We acknowledge and agree that this Application Form may not be amended or altered other than to complete it in accordance with the instructions contained herein and I/we acknowledge and agree that the Directors reserve the right in their absolute discretion to reject any Application Form which has been amended or altered and compulsorily redeem any shareholder who is subsequently found to have subscribed for Shares on the basis of an amended Application Form.

27. The Applicant understands that the Company may be susceptible to operational and information security risks through breaches in cyber security. Cyber security breaches include, without limitation, infection by computer viruses and gaining unauthorized access to the Company's systems, or those its service providers, through "hacking" or other means for the purpose of misappropriating assets or sensitive information,

corrupting data, or causing operations to be disrupted. Cyber security breaches may also occur in a manner that does not require gaining unauthorized access, such as denial-of-service attacks or situations where authorized individuals intentionally or unintentionally release confidential information stored on the Company' systems. A cyber security breach may cause disruptions and impact the business operations of the Company, which could potentially result in financial losses, inability to determine the NAV, violation of applicable law, regulatory penalties and/or fines, compliance and other costs. The Applicant understands that indirect cyber security breaches at third-party service providers may also subject me to the same risks associated with direct cyber security breaches. Further, indirect cyber security breaches at an issuer of securities in which the Company invests may similarly negatively impact on the Company.
